MasterCard Phone Scam

Another phone scam has resurfaced in northern Illinois. Consumers have reported that they are receiving automated messages stating their MasterCard has been hacked and that they need to call and verify their information so that a new card can be issued.

The Better Business Bureau is alerting consumers to these calls and warns that if an automated system calls asking for credit card information it's probably a scam. The scammers are after the card number and expiration date but more importantly the security code, making it possible for them to use the card for online purchases.

The consumer is asked to "press 1" to speak to an operator who will then ask for the information on the card. In other instances, the request will be to "press 1" to fix the issues with the card and a pre-recorded voice will give instructions to enter the 16-digit card number, the expiration date, and the security code.

For more information on scams, visit www.bbb.org/chicago.

VFW Sponsors Essay Contest

State Commander Phil Maughan of the Veterans of Foreign Wars Department of Illinois announced the kick-off of this year's VFW's Voice of Democracy Scholarship competition. High school students have the opportunity to compete for thousands of dollars in scholarships and a trip to Washington, D.C.

Students must write and record a three-to-five minute essay on the theme "My Vision For America" using an audio CD or flash drive and present their recording, typed essay and completed entry form to their local VFW Post by November 1. Post winners compete at the District level with the winner advancing to the state competition.

All state first-place winners receive a four day trip to Washington, D.C. and the chance to compete for their share of more than \$150,000 in scholarships. The first-place winner receives a \$30,000 college scholarship.

The National Association of Broadcasters started the Voice of Democracy Scholarship program in 1947. The VFW became a national

sponsor in the late 1950s and assumed sole responsibility for the program in 1961. The competition was created to provide students grades 9-12 the opportunity to express themselves in regard to democratic ideas and principles. Around 40,000 students participate and VFW awards more than \$2 million in scholarships every year.

Interested students and teachers should contact the Voice of Democracy chairman at their Local VFW Post or State VFW Headquarters at vfwil@vfwil.org.

Unemployment Rate Declines to 5.9 %

The Illinois Department of Employment Security announced that the unemployment rate in June declined to 5.9 percent and nonfarm payroll employment shed 7,500 jobs, based on preliminary data released by the Department and the U.S. Bureau of Labor Statistics. The state's unemployment rate is higher than the national unemployment rate reported for June, which fell from the prior month to 5.3 percent. The BLS revised May data, which showed a smaller increase in Illinois' job gain from a preliminary +9,200 to +7,400.

Illinois' labor force has decreased by 33,600 people and the number of residents employed from that time has declined by 17,600, since January 2015. IDES analysts estimate that the number of jobs will not reach pre-recession levels until approximately September 2016.

"The drop in the number of unemployed Illinois residents since the beginning of this year is not entirely attributable to people finding jobs, rather to people leaving Illinois' workforce altogether," said IDES Director Jeff Mays. "This factor must be considered when highlighting lower unemployment numbers."

In June, the three industry sectors with the largest gains in employment were: Trade, Transportation and Utilities (+4,500), Financial Activities (+2,200) and Educational and Health Services (+1,000). The three industry sectors with the largest declines in employment were Construction (-4,700); Other Services (-3,200); and

EHB Benchmark For Plan Year '17

The Illinois Department of Insurance has recommended the Blue-Cross BlueShield of Illinois "Blue PPO Gold 011" small group plan, supplemented with the All Kids pediatric dental package and the federal definition for habilitation services and devices, to the U.S. Department of Health and Human Services as the new Essential Health Benefit benchmark beginning Plan Year 2017.

This selection meets the Department's goals of recommending an EHB benchmark that provides comprehensive coverage, would not be expected to increase the cost of coverage, and minimizes market disruption.

This recommendation preserves the benefits offered under the current benchmark without reducing the coverage in any of the 10 categories: ambulatory care; emergency services; hospitalization; pregnancy, maternity, and newborn care; mental health and substance use disorder services including behavioral health treatment; prescription drugs; rehabilitative and habilitation services and devices; laboratory services; preventative and wellness services and chronic disease management and pediatric services including oral and vision care.
