

Summer School

BY: DR. R. PLETSCHE

Summer school in Chicago will be almost nonexistent. The situation with the budget has led CPS to eliminate many programs. Locally, they will be restricted, except for a few programs that the schools had budgeted out of their own funds.

This situation is not typical because many suburban and downstate districts have their regular summer programs. How can this be? This does need more study, but when I talked to some people that worked in these districts a few recurring themes were brought up. 1. These districts did not set their budget relying on a state bailout. 2. They all seem to have paid their pension obligations on time and these districts are not handcuffed by their cities taking tax money into a program like TIF - not sure about TIF? Google it and you will see that enormous funds never make it to the schools or police or fire department or garbage, because it is legally set aside for those in charge to use for other projects.

The stalemate in Springfield is complicated and most of the Chicago press and leadership make Rauner the bad guy. However, many other places in the state are asking "who do we blame?" Rauner who has been in charge for a short term, or the person who has been in charge of the Legislature for over 30 years?" There is hope on the horizon. The Black Senator Caucus in Springfield gave no votes to the Madigan supported budget. This includes city and downstate Senators. Karen Lewis has recently stated that the Chicago Teachers Union may be willing to sign off on a contract with no raise, if funding could be settled. Parents make your plans for your kids like every generation has done before you. It has only been recently that summer school has been considered an entitlement, not punishment. Some people disrespect our parents so much that they think that these children will not eat because the schools are not open. Historically, these programs did not exist during the Great Depression, when no one got a government check. The children survived and the crime rate was much lower.

Parents, make schedules for the kids including their chores, time for school work, time for free reading. A wise parent would also consider local activities and church. The children should not wake up every morning during the summer and wonder what will I do today. Remember health professionals are encouraging parents to give their children time to play.

City Promotes Home Ownership

Mayor Rahm Emanuel announced the Home Buyer Assistance Program will help make homeownership possible for families and individuals by providing support for down payment and closing costs.

Qualified buyers may receive a grant for up to 5 percent of the loan amount based on income. Depending on whether they select an FHA-insured loan or a loan insured by Fannie Mae or Freddie Mac, home buyers can have annual incomes of up to 160 percent of the area median income - approxi-

mately \$121,000. The typical home in Chicago is sold for \$250,000, meaning a family could receive a grant of more than \$12,000 to help cover down payment and closing costs.

The program is open to families or individuals who are buying a home; and first-time buyers must complete a home-buyer education course. The program can be used for the purchase of single-family homes, town homes, condominiums and owner-occupied properties containing up to four units. It may also be used to refinance an existing mortgage.

The city will provide an initial \$1 million to launch program, which will become self-sustaining over time. The program will be administered by the Chicago Infrastructure Trust, which will work in conjunction with authorized lending institutions responsible for accepting and processing applications. The city will work with aldermen and not-for-profit partners to conduct workshops to provide interested residents with information about the program.

Permanent Homes For Homeless Vets

The U.S. Department of Housing and Urban Development and the U.S. Department of Veterans Affairs awarded nearly \$1.3 million to help 155 homeless veterans in Illinois find a permanent place to call home. The rental assistance is provided through the HUD-Veterans Affairs Supportive Housing Program which combines rental assistance from HUD with case management and clinical services provided by VA.
 VA Medical Centers assess veterans experiencing homelessness before referring them to local housing agencies for these vouchers. Decisions are based on a variety of factors, most importantly the duration of homelessness and the need for longer term, more intensive support in obtaining and maintaining permanent housing.
 Veterans participating in the program rent privately owned housing and generally contribute no more than 30 percent of their income toward rent.

Consumer Advice For Recalled Flour

The Illinois Department of Public Health is cooperating with the Centers for Disease Control and Prevention and the U.S. Food and Drug Administration to investigate a multistate outbreak of Shiga toxin-producing Escherichia coli O121 infections. 38 people in 20 states, including four in Illinois, have been infected with the E. coli strain. There have been no deaths.

Investigative efforts indicate that flour produced at the General Mills facility in Kansas City, Missouri, and sold nationwide is a likely source of this outbreak. On May 31st, General Mills recalled several sizes and varieties of Gold Medal Flour, Gold Medal Wondra Flour, and Signature Kitchens Flour due to possible contamination.

Prepaid Tuition Plan For College Illinois

It's Financial Aid Awareness Month, and students are completing the Free Application for Federal Student Aid (FAFSA) to determine their eligibility for federal, state and institutional aid for college. The College Illinois! 529 Prepaid Tuition Plan, can help students graduate from college with little or no loan debt.

The plan offers a way to prepay the cost of college tuition for a child or grandchild, so their college education is covered at a school within their plan no matter how much financial aid is available and how high tuition increases by the time they are ready to attend.

Currently, about 70% of students in bachelor degree programs in Illinois graduate with student loan debt.

Flexible programs cover tuition and mandatory fees at Illinois community colleges, Illinois four-year public universities, and at the University of Illinois Urbana Champaign. The value of plan benefits can also be used at most private institutions in Illinois and at

most out of state schools. If a student receives a scholarship or grant and there are unused College Illinois! benefits, they can be held for future use, transferred to another family member, or refunded up to the amount of the scholarship.

More information on plan options and benefits, as well as a complete description of terms and conditions associated with the purchase of a plan, is available at www.collegeillinois.org.
