

Hurricane Florence

By Dr. R. Pletsch

During Hurricane Florence, TV watchers spent weeks preparing and watching numerous computer projections as to the intensity and tracking of this massive storm. Slowly we saw language and projections change. This came mainly from the numerous groups that hired Joe Bastardi to make their predictions. He ended up being correct.

Joe is a private weather consultant, who works for companies that need long-term projections. These include companies looking for the right location for wind farms, solar farms, irrigation projects, snow lodges, and farming co-ops. What they have in common is that these companies have millions of dollars at stake. They do not trust others that have millions at risk.

If you would like to know more about this scientist, read "The Climate Chronicles". This well-documented book shows geological charts that follow millions of years of data. He says that this data shows no linkage between temperature and amount of Carbon Dioxide in the air. His findings indicate climate change is natural.

In using the data compiled by National Climate Data Center, shows that world and US tempera-

Summit Meeting On Expungement

Circuit Court Clerk Dorothy Brown will conduct a Second Chance Adult and Juvenile Expungement and Sealing Summit at Gale School, 1631 W. Jonquil on Saturday, Oct. 6th from 10 a.m. to 2 p.m.

Before the Aug. 24th passage of HB 2373, only nine felony convictions were eligible for sealing. Now, this new law allows every felony to be eligible for relief, with only four exceptions: DUIs and reckless driving, animal crimes, sex offenses (exception prostitution and misdemeanor public indecency), and domestic battery and violations of orders of protection.

Volunteer attorneys from Cabrini Green Legal Aid will assist individuals in filling out applications for petitions and address any other legal concerns. The petitions will be filed with the Circuit Court Clerk's office and submitted to the arresting agencies and prosecutors for review. A Circuit Court judge ultimately determines whether to grant an application.

Individuals should bring their "rap sheet" (criminal history). For Chicago cases, individuals may obtain their rap sheet by requesting a "Right to Access and Review" at the Chicago Police Department Headquarters, 3510 S. Michigan. The charge is \$15.

tures have been falling in the last 20 years. He indicates that NASA and Space photograph help prove this.

A simple fact is that there are fewer major hurricanes. The 1950s was the worst for the Atlantic and no one was complaining about carbon dioxide at that time. My feeling is we did not have 24 hour cable news shows and "group think". Some say it is hard to get scientific data published especially if the public is not interested or believes another way.

One week we read that things like coffee, wine, aspirin, anti-bacterial soaps are good for you. The next week we read that they hurt you. The magazines hire people for these articles and pay for it because their readers are interested.

One of the most recent scares is that the polar ice caps are melting. Most of you are not old enough to remember the US submarines Nautilus and Skate went completely under the North Pole and in 1958 actually surfaced at the North Pole because it was mostly water. These and other facts are available if you read his book. It's only about 200 pages, but an interesting read.

When reporters started comparing Florence with other storms, people noticed they had worse storms many years ago before the term Global Warming even existed. Then some of the channels started to compare the monetary loss and not the storm intensity. Well, come on, apples and oranges, millions more people live on the coast than ever before.

But get the book and read it with an open mind. Remember everything is worse now, cell phones need towers that are knocked down, gas pumps are run by computers, no electric, no gas. These did not effect people in the 50s.

The scene that made me the proudest was the "Louisiana Navy". Though not from only Louisiana, hundreds of private boat owners headed up the rivers and coast on a mission of neighbor helping neighbor -- how American.

The children in our schools need to see people depending on each other, not people who sit and wait for someone else to do it. They also need to learn to seek the truth, remembering that reporters that they see on TV are not reporters but just reading someone else's opinion.

Sometimes the channel has a bias that we are unaware of. Remember those that said the President was complicit in the storm, and they were not called out for any proof. Our students deserve better.

39th Anniversary Mass For Saint John Paul II

By C.B. Strader

Saint John Paul II holds a special place in the hearts and homes of the people of Five Holy Martyrs Parish, as well as the Brighton Park community on the southwest side of Chicago, since he celebrated a Mass on October 5, 1979 at a special altar erected in our parish parking lot specifically for his visit.

The Mass was attended by thousands of people who crowded the lot and the streets before dawn just to catch a glimpse of our Holy Father and be a part of that historical day. The main part of this altar still remains in our lot and a Mass commemorating the anniversary of Saint John Paul II's visit is celebrated at this altar every year on the first Sunday of October. The Pope John Paul II Centrum Committee of our Parish worked tirelessly to raise over \$100,000 in order to renovate this altar to make it a more permanent fixture in our community for individuals to come and honor Saint John Paul II in prayer.

The 39th anniversary Mass commemorating Saint John Paul II's visit to Five Holy Martyrs Parish will be celebrated on Sunday, Oct. 7th at 10:30 a.m. at the Papal Altar in the Parish parking lot. This primarily Polish celebration is well attended by many cultural, civic and Parish organizations - a beautiful representation of Polonia in Chicago.

The main celebrant at the Mass will be Most Reverend Andrew P. Wypych, Auxiliary Bishop of Chicago, as well as former Pastor of Five Holy Martyrs (1996-1999), and the homilist at the Mass will be Reverend Canon Jerzy Filek, Pastor and Curator of Assumption of the B.V.M./Our Lady of the Highlands in Ludzmiarz, Poland. Attending this year's Mass will be the members of the 600th Anniversary Committee of the Cult of the Miraculous Figure of Our Lady of Ludzmiarz in thanksgiving for 25 years of existence in Chicago.

The Committee will host a jubilee banquet at 3:00 p.m. that day at the Polish Highlanders Alliance of North America Highlander House, 4808 S. Archer Ave. Tickets are \$65 person.

During this year's Papal Anniversary Mass, it will be the eighth time that we will not only pray and thank God for the gift and presence of Saint John Paul II among us, but we will also pray to him, asking him to continually bless us and intercede for us.

For 31 years, Pope John Paul II has been with us spiritually during these anniversary Masses, but since 2011, he has been with us during the Mass physically - in the presence of his blood.

On Sept. 24th, 2011, Five Holy Martyrs Parish was very fortunate to have received a relic of Saint John Paul II from His Eminence, Stanislaw

SAINT JOHN PAUL II

Cardinal Dzwisz, the Archbishop of Krakow, Poland, and the former personal secretary to Pope John Paul II.

The relic is a drop of Saint John Paul II's blood on a cloth protected by a lunula, a small, round glass encasement. The lunula has been mounted into a reliquary, a vessel in which a relic is held and exposed.

Since receiving this relic, Five Holy Martyrs Parish has begun a new tradition on the first weekend of every month by offering up our petitions to God through his intercession and venerating his relic at the weekend Masses; reciting a prayer to him as a community of believers; and finally by receiving a special blessing with the relic at the end of Mass.

Immediately after the Sunday 9:00 a.m. English Mass and the 10:30 a.m. Polish Mass, parishioners and friends are invited to gather in the Bishop Abramowicz Parish Hall for cake, coffee, and fellowship.

We hope that everyone will mark their calendars to attend this unique celebration. It is a wonderful reason for family and friends to come back to Brighton Park and reminisce. All cultural, civic and neighborhood organizations are invited to attend and walk in the entrance procession. Refreshments will be served in the Bishop Abramowicz Hall after the Mass. In case of inclement weather, the Mass will be celebrated in the church.

For more information about the Papal Visit Anniversary Mass or the renovation of the outdoor Papal Altar, contact the Parish Office at (773) 254-3636, Monday through Friday, between 9 a.m. and 5 p.m.

Public Health Urges Flu Shot
The Illinois Department of Public Health recommends everyone six months and older be vaccinated. The nasal spray flu vaccine is once again a recommended option.
"It takes about two weeks after vaccination for antibodies that protect against flu to develop in the body," said IDPH Director Nirav D. Shah, M.D., J.D. "The flu season typically starts around October so we recommend you make plans to get vaccinated now, before flu season begins."
Flu activity peaks between December and February, but activity can last as late as May. The contagious respiratory illness can cause mild to severe illness.
The more people who get vaccinated, the more people will be protected, especially those who may not be able to be vaccinated.
Flu symptoms can include fever or feverish/chills, cough, sore throat, runny or stuffy nose, muscle or body aches, headache and tiredness. Some people may have vomiting and diarrhea, though this is more common in children than adults.
Flu is typically spread by droplets when someone with the flu talks, coughs, or sneezes. People can also get the flu by touching a door handle that has the virus on it and then touching their mouth, eyes, or nose.
