Seats To Spare In Some Colleges

By Dr. R. Pletsch

The college you attend will be a mutual agreement amongst students, parents and university. Today it is easier than ever to get admitted into a college. Why? The Baby boomers for our purposes we'll consider them first we'll consider them first generation from the fami-lies to attend college. These individuals for the most part had their fami-lies fight and die to keep the American Dream. They had just defeated the Axis powers and now They had just defeated the Axis powers and now wanted their kids to have the opportunity to attend college -- after all, they won the war ending the biggest conflict the world had ever seen. They earned the right to continue the American Dream starting with their children.

The world has

The world has changed much and many of our parents are realizing a plumber usually makes more money than a teacher and so on. But these universities have overbuilt and need the seats filled because they are a large business and due to many reasons both political and social, they have a large number of tenured staff. This is not a time to discuss this, but I think we all can agree that universities are businesses. Otherwise, there would not be such a great disparity in the cost associated with the universi-

It is well known that there are the glamour schools that cost upward of \$80,000 not counting room and board. But if you are less glamourous you can do it for \$10,000 and the fit might be even better for your family. If you decide to live at home, you might be able to keep a part time job you have. Many of the campuses offer opportunities for employment. If you choose well, keep some things in mind. If you want to teach English, why go to a glamour school where people are looking for doctors and lawyers.

Parents, it may not be easy, but do your homework. It can help in this process. In high school trigonometry looks impressive. But will it help your child who wants to be a PE instructor? There are always jobs listed for beginners. The most numerous are often ministers, counselors, and civil engineers. If this does not fit your desires, maybe you would consider another possible career. If you choose a religious institution, do not be insulted by their possible require-

A recent poll of presti-gious universities has on the top the military academies. Some of the more expensive universities have lost the glamour with the recent Hollywood scandal with TV personalities buying their kids admission. If interested, you could look that up. I have worked on several search committees and that diploma may get you an interview, but not the job. That is still up to you. The surprising thing for parents visiting the campuses is how young the potential students are, some as young as 6th grade. Hope your search is successful.

Chicago Seeks Christmas Tree

Mayor Brandon Johnson and the Department of Cultural Affairs and Special Events are looking for the perfect tree to grace Millennium Park and serve as the City's "official" Christmas Tree this holiday season.

Nominations for trees from the Chicagoland area will be accepted at dcase@cityofchicago.org through Oct. 12th.

All nominated trees must meet the following criteria: Be at least 45 feet or taller; be located less than 50 miles from Chicago's Loop and be a Norway Spruce or Fir

Submissions will need to include: The owner(s) name, address, phone and email; a brief description of why the tree should be Chicago's official Christmas Tree including any background information on the tree that makes it special; and at least two photographs (one from afar and one up close).

Officials will "flip the switch" on Chicago's official Christmas Tree during the lighting ceremony on Nov. 17th and remain illuminated through early January 2024.

This year's festivities will feature many activities including ice skating at McCormick Tribune Ice Rink. Refer to MillenniumPark.org for more information.
