The Long Christmas Break

By Dr. R. Pletsch

Those who have children in the Chicago Public Schools are scheduled to restart classes on January 9th. This is the normal length -- two weeks, but this time several parents were asking why it was so long. In other years in these parents' memories, some of the time would include days before Christmas. It is this time that the families could use for pre-holiday traditions. When the parents asked at schools why they had these strange dates, some of the parents informed me that we

have no control over it,

that teachers must get paid for ten consecutive days. Most of the business men I've talked with seem to think it could change quite easily and not cost much money. The budget is already in the millions.

Some parents I've talked with said they had been complaining since the calendar was released saying it would be helpful to them that the children return on Thursday, not Monday. Since the pandemic, the families are somewhat more accepting of these days. Some of them have already noticed that new electronic games are still being used but they still hear "I'm bored".

While the parents I talked with were not all in CPS, most were in our area and all in our metropolitan area. With elections coming in February, it is a good time to express your wants and needs. There are many good candidates. There appear to be a growing number of people that do not vote because of the D, I or R after their name. I believe it is important to keep it simple.
Pick the three or five

things you can discuss and seek out these candidates and see which candidates agree with you. It might be better for your child if the candidate does not look like you but thinks like you do. I hope your Christmas break, regardless of what you think about the days, was profitable, relaxing and that your family members are still talking with

Mold Exhibit At Science Museum

A lineup of Mold-A-Rama® souvenirs available at MSI. [Heidi Peters/Museum of Science and Industry, Chicago.]

Molded for the Future, a new exhibition is open at the Museum of Science and Industry, 5700 S. DuSable Lake Shore Drive. For over 60 years, the machines have pumped out hundreds of varieties of collectible plastic novelties, while providing guests a peek into mass production.

The exhibit features a collection of popular, rare, and experimental souvenirs from the past with their quirky colors, designs and the smell. Featured molds for creation are the 1962 Seattle World's Fair Monorail, one of the first molds ever created, and the MSI

Robot, featured during the Robot Revolution exhibition.

The Mold-A-Rama debuted at the 1962 World's Fair in Seattle and grew to prominence at the 1964 expo in New York. The William A. Jones Company, a multigenerational business headquartered in the business Chicago area, acquired the license and now operates 63 machines in five

Medical Examiner Releases 2022 Data

The Cook County edical Examiner's Medical Office is releasing preliminary statistics for cases it handled in 2022. The caseload continued to significantly surpass pre-COVID levels, with 10,443 cases falling under jurisdiction last year. This is a drop from a peak caseload of 16,047 in 2020 and 12,612 cases in 2021. Before the pandemic began, the Office saw approximately 6,200 approximately 6,200 deaths in an average year. Nearly 43% of all cases in 2022 were Black

and just over 14% Latino. The Office handled 927 homicides in 2022 with 740 in the City of Chicago. Homicides fell by more than 15% in Cook County from their peak in 2021. The other County municipalities with the highest number of homicides included Harvey with 15, Dolton with 11, Riverdale with 9 and Maywood with 8. African Americans were the victims of 76% of homicides and Latinos accounted for more than 18% of homicide deaths. Males accounted for 86%

of homicide deaths. While overall homicides declined, the number of children killed went up by almost 13% with 97 of the homicide victims under the age of 18; 21 were under the age of 10.

The County is also on pace to beat 2021's record opioid overdose deaths. While the results of hundreds of toxicology tests are due, it has confirmed 1,599 opioid overdose deaths for 2022. Approximately 400 – 500 of its pending cases will be due to opioid toxicity, putting the final number for 2022 at over 2,000. Of the opioid toxicity

cases confirmed thus far, approximately 78% are male. African Americans make up 56% of the deaths, Latinos account

for just under 15% and whites constitute over 28%. The age group most impacted is 50- to 59year-olds, accounting for 28% of the overdose deaths. The year's youngest opioid overdose death in Cook County was a 12-year-old boy from Chicago.

Overall suicide rates have remained consistent with males continuing to make up more than 3/4 of deaths.

DCFS Combats

Human Trafficking The Illinois Department of Children and Family Services is partnering with The Power Project to train group home and residential care facility staff on how to identify, intervene and prevent human trafficking among their youth in treatment. Nearly 1,000 congregate care staff in 37 facilities across the state completed Commercial Sexual Exploitation

101 training in 2022. Often, victims human trafficking do not seek help because they are fearful, ashamed of their situation, distrust law enforcement or become dependent on the perpetrator. The Illinois Safe Children Act assures that children who are coerced into human trafficking/prostitution are innocent and immune from criminal prosecution and will be placed in the child welfare system with DCFS instead of the criminal justice system.

trafficked child might: Have an adult control them by speaking for them. Seem out of place given the time of day or night. Look disheveled or dressed in clothes that they could not afford to buy. Show signs of physical abuse such as bruising or red marks. Not possess any form of identification. Perform inappropriate work for their age and not be compensated.

Anyone who believes a child might be trafficked, should call 911 and the DCFS Child Abuse Hotline at 1-800-252-2873.

IDPH Reports COVID-19 Level

The Illinois Department of Public Health says the CDC is reporting 54 counties in the state are at an elevated level for COVID-19. Of those, five Illinois counties are at a High Community Level, compared to 33 a week ago; while 49 counties are at Medium Level, compared to 55 last week. IDPH is reporting 15,904 new confirmed and probable casessince Dec.23rd,

and 47 deaths. IDPH will now report weekly data on Wednesday of each week for the previous week ending Sunday. IDPH will continue daily reporting of ICU bed availability and hospital admission data.

Updated boosters are available at pharmacies, hospitals, and other healthcare providers. Visit www.vaccines.gov.

Currently, IDPH is reporting a total of 3,969,832 cases, including 35,761 deaths, in 102 counties. 1,767 individuals were

reported to be in the hospital with 225 in the ICU and 80 patients on ventilators. The preliminary seven-day statewide case rate is 125 COVID-19 cases per 100,000 Illinoisans.

CTA Promotes

Scholarship Fund Applications are now being accepted for the "CTA Elevating Futures Scholarship Fund", an innovative program that provides a path for economically disadvantaged youth to pursue education and careers in construc-

tion and engineering.

Created in partnership with the Walsh-Fluor Design-Build team - the contractor for CTA's \$2.1 billion Red and Purple Modernization (RPM) Phase One Project - the scholarship program provides aid to students who plan to pursue four-year degrees in construction management, civil engineering, industrial engineering or systems engineering. The program provides \$5,500 per year for four years, mentoring support and guidance in career development opportunities.

The scholarship program is administered by Chicago Scholars, a nonprofit dedicated to college access, success and leadership development for first-generation and low-

income students. Students who are awarded scholarships are also eligible to apply for paid summer internships with Walsh-Fluor and the

Applications are due March 1, 2023. For more information about this program, visit transitchicago.com/rpm/workforce-opportunities or chicagoscholars.org/elevatingfutures.

Metra Sponsors Safety Contest

Since 2006, Metra has been bringing safety lessons into classrooms across northeast Illinois through its Safety Poster and Essay Contest. Over the past decade, more 37,000 students have had the opportunity to show what they've learned about the importance of safe behaviors around trains and rail-road tracks. The contest is open to all students in grades K through 12 living or attending school. The deadline for all entries is Friday, Jan. 20,

In 2021, 666 people were injured and 236 ost their lives in collisions at railroad crossings, according to the Federal Railroad Administration. In Illinois, 20 people died when they were struck by trains while trespassing on railroad property, and 21 people died when they were struck by trains at a highway-rail grade crossing. Each one of these incidents was preventable. That's why Metra feels it's so important to reach out and educate people, especially children, about how to be smart and stay safe around the railroad tracks

and crossings.
Contest information to schools, libraries, and government centers. Printable versions of the contest poster in English and Spanish are also available through the contest website metracontest.com. One first, second- and third-place winner will be selected from each grade, K through 12 and awarded the following gift cards: First Place: \$500, Second Place: \$250 and Third Place: \$100.

The winning designs will be featured in Metra's

safety calendar, website, and on weekend passes.

The school that submits the most entries in the 2022-23 Safety Poster Contest will be awarded a new computer compatible with the current system.

Students are also encouraged to enter the 2022-23 Metra Safety Essay Contest. Contest. Participants are asked to describe in 300 words or less why you should "Stay Safe, Stay Off Train Tracks" when near railroad tracks, platforms, and crossings. Students will compete in three divisions: Elementary, Middle and High School. Firstplace winners in each division of the essay contest will also receive a \$500

gift card. For more information about the contest rules and guidelines, as well as downloadable forms, visit metracontest.com, where you can submit your completed contest entry. Questions about the contest or materials can be directed to metracontest@ metrarr.com.

Metra has a long history of being extremely active in railroad safety education efforts through its participation in Operation Lifesaver. Operation Lifesaver presenters provide nearly 1,000 safety blitzes and safety presentations each year that stress the message "Look, Listen and Live" to schools, driver education programs and community organizations. For more information about Metra's overall railroad safety outreach and programs, please visit metra.com.
