# "The Great Shakeout" Iroquois District Scouts at Houby Day Parade

#### By Dr. Roy Pletsch

gency Management Agency (IEMA) is under-going an earthquake readiness trainit readiness training throughout the state on October 19th. The pro-gram is called The Great Shakeout and it is for schools, businesses and first responders.

This program is often ignored here because we seldom hear of earthseldom hear of earth-quakes in our area. However, we have had small ones near DeKalb, and throughout the farmlands, the Southern third of our state. In Southern Illinois near the juncture of the Ohio and Mississipni was one and Mississippi was one of the largest earth-quakes in the contiguous

48 states. Why then involve the whole state? When serving as principal I had my students participate. Why? Because our modern society is very mobile. The children in our classes are very likely to move and that move might be anywhere. Why not prepare them for the future. Some may even move to California where earthquakes are quite common. Of course, the largest city in our hemisphere is Mexico City and they just underwent a terrible disaster.

Most remember the simple rule for fire "Stop, drop and roll". For earthquakes the agency has come up with "Drop, cover and hold on". Students, and everyone, are instructed to protect their heads because most of the injuries in modern earthquakes are from falling items in their own homes, schools or places of business. The simple mantra of "Drop, cover and hold on" if taught to young students can help them in the future. As in a fire, very few of us will actually need simple phrases, but God forbid if something would occur my former students hopefully will be prepared. Your students and children deserve the

same.

The 49th annual International Houby (Mushroom) Festival was held Oct 6th thru 8th, this year's theme was Duty, Honor and Courage. "Celebrate our Firefighters". Scouts marched along Cermak Road from the town of Berwyn into Cicero, Everyone enjoyed ethnic foods, music, crafts show, live entertainment and a carnival. A portion of the members of Iroquois District Pathway to Adventure Council B. S. A. who marched in the Houby Day parade were St. Gall Troop 697, St. Jane de Chantal Troop 671 and Cub Scout Pack 3600. Any boys from any school ages 7 to 17 who are inter-ested in scouting can have a parent contact Ed Melkonian at (312) 316-5825 for more information.

Kicking off National Teen Driver Safety Week, Illinois Secretary of State Jesse White announced teen driving deaths have decreased by more than half. According to the Illinois Department of Transportation, there was 155 teen driving deaths (ages 16-19) in 2007. Since White's efforts to overhaul the state's graduated driver licensing laws took effect in 2008, teen driving fatalities have dropped by 51 percent - with 76 teen driving deaths in 2016. Many cite White's nationally heralded program for the decrease.

Illinois' program pre-pares notice, teen drivers by giving them more time to obtain driving experience while under the watchful eye of a parent or guardian, limited in distractions and car requiring teens to earn their way from one stage to the next by avoiding

**Backyard Adventures** At Nature Museum

The Chicago Academy of Sciences / Peggy Notebaert Nature Museum of Lincoln Park will feature Backyard Adventures through Jan. 7th. Designed for children of all ages, the experience offers 17 fun and interactive activities. Kids can see a garden from a bee's perspective, challenge a friend or sibling to a game of garden golf or have a go at the giant mechanical skipping rope. Observe the effects of seasonal changes and weather on "the changing house" that uses a combination of physical walls and projection mapping to show the process of decay.

Guests will have the chance to let their imaginations run wild with hands-on activities such as digging in the dirt of an augmented reality garden bed, taking a spin on the bee bike, solving simple physics challenges by playing mini-golf and collecting pollen for honey production.

The stimulating games and activities intro-duce and engage children in scientific principles of ecology, zoology and physics.

The special exhibit is included in the price of general admission (\$9 for adults, \$7 for students and seniors, \$6 for children 3-12.) Museum hours are Mon.-Fri. 9 a.m. to 5 p.m.; Sat.-Sun. 10 a.m. to 5 p.m. For more information, visit naturemuseum.org or call 773-755-5100.
